ABOUT THE PROGRAMME
The theme of the programme “Affordable Housing and Affordable Cities” highlights the growing concern and conviction globally to address the problems arising out of slum growth and haphazard settlements sprouting in cities as a outcome of increasing urbanisation, migration and population growth. The implementation of NUA contributes to the implementation and localization of the 2030 Agenda for Sustainable Development in an integrated manner, including Goal 11 of making cities and human settlements inclusive, safe, resilient and sustainable. Implementation of all these global agendas requires huge resources, sensitization, awareness, apart from capacity building of all stakeholders. This course will teach approaches of adequate housing, especially adequate and affordable housing for urban poor population and sustainable urban development for affordable cities in SAARC countries.

ABOUT HUDCO AND HSMI
Housing and Urban Development Corporation Ltd. was set up in 1970 by the Government of India to accelerate the pace of housing and urban development in the country. It is a Government company with more than 50 years experience in providing loans for housing and urban infrastructure projects in India. HUDCO has established itself as a premier techno-financing company. Apart from the financing operations, HUDCO offers consultancy services, promotes research and studies related to urban development and supports the Govt of India in its various Housing and urban development related programmes and policies.

HSMC’s Human Settlement Management Institute (HSMI) is the research and training wing of HUDCO, a Govt of India undertaking under the Ministry of Housing and Urban Affairs, HSMI provides training for professionals on a variety of issues of housing, urban and regional planning and development. HSMI has considerable experience of conducting short term training programmes. So far, it has conducted 43 ITEC programmes in which about 950 international participants from more than 75 countries have been trained.

TARGET GROUP
The course is specially designed for mid to senior level Officers of HUDCO & its borrowing agencies, Urban Local Bodies, who are professionals from the Urban sector engaged in the housing and urban development sector. It will give them an in depth understanding of the role of the government, developers, architects, urban planners, financiers, consultants, academicians and urban local bodies of India who together constitute the symbiotic ecosystem for making cities affordable and homes adequate, accessible, safe and secure for providing a dignified and productive living.
