COURSE ANNOUNCEMENT
TRAINING PROGRAMME ON
MANAGING CITIES WORK – IMPERATIVES FOR CLEANER, GREENER AND SUSTAINABLE CITIES

ORGANISED BY HUDCO’S HSMI
DATE: 11th TO 13th SEPTEMBER 2019
VENUE: HIMACHAL PRADESH INSTITUTE OF PUBLIC ADMINISTRATION, SHIMLA

About the Course
Today, Indian cities face many challenges. While sectors like housing, water and urban management are key to a city’s functioning, concerns about sustainable development and climate change are also becoming critical to any city. Govt of India programmes such as the Swaccha Bharat Mission, Smart cities and international commitments such as the SDGs are all focused on delivering in this regard. The professionals and officials looking after the working of planning and management of cities have to deliver on day to day challenges, while also looking at long term sustainability concerns.

Sensitizing professionals on issues and challenges of clean, green and sustainable development is the need of the hour, and is also at the heart of the Sustainable Development Goals and the New Urban Agenda. In this context, this 3-day training programme organized by HUDCO’s HSMI will involve classroom presentations, and targeted group site visits/interactions.

Participants
This programme will be of interest to local body officials, urban planners, urban managers, urban development officials, architects and engineers from National, State and Local govs, Prastatal agencie, international organisations, NGOs, Research and training institutes, and academic institutions involved in work related to cities.

Language Of The Course
The course will be conducted in English

Objectives of the Course
- To understand the challenges involved in planning and managing the cities
- To provide the participants with an understanding of the approaches for clean, green and sustainable development of cities.
- To discuss issues and strategies adopted for managing development of hill towns .
- To provide opportunities for exchange of ideas, learning from each other and networking for partnerships to implement successful initiative

Course Faculty
Course will be taught by experienced faculty drawn from HUDCO’s HSMI and HIPA , Shimla along with sectoral experts

Programme Coverage
The course is is intended as a refresher course for urban sector professionals , with a view to impart and exchange information regarding the issues to be considered in urban development aimed at achieving clean, green and sustainable cities. The course contents will include:

Day 1: Issues and challenges in achieving clean, green development – focus on SDG 11 and GOI urban development programmes
Day 2: Sustainable development – Focus on climate change and sustainable practices.
Day 3: Approaches to managing Sustainable Cities
HUDCO and HSMI

Housing and Urban Development Corporation Limited was set up in 1970 by the Government of India to accelerate the pace of Housing and Urban Development in the country. It is a Public sector Enterprise, under the Ministry of housing and Urban Affairs, with 49 years experience in providing loans for housing and urban infrastructure projects in India. HUDCO has established itself as a premier techno-financing company. Apart from the financing operations, HUDCO offers consultancy services, promotes research and studies related to urban development and supports the Govt of India in various Housing and Urban Development related programmes and policies.

HUDCO’s Human Settlement Management Institute (HSMI) is the Research and Training wing of HUDCO. HSMI provides training for national and international professionals on a variety of urban development related issues. HSMI has considerable experience of conducting short-term training programmes both at Delhi as well as in other cities. It has been designated as a National Resource Centre for giving technical inputs in the policies and programmes pertaining to housing and urban development of the Ministry.
